Taxpayers to Name Officers June 18 In Saugerties

A group of taxpayers of the township of Saugerties, and the village of Saugerties have banded together to form the Saugerties Taxpayers Association, Inc. for the purpose of representing the interests of the taxpayers and to promote more efficient and economical government in the village and in the town.

A mass meeting will be held at the Methodist Church, Saugerties, on Friday, June 18, at 8:15 o'clock for the purpose of electing officers and for the naming of a Board of Directors and to decide on the immediate aims of the association.

Formation of the Saugerties Taxpayers Association was proposed by the present tax situation in the village of Saugerties, a spokesman for the association said.

The assessors of the village, in an attempt to adjust the assessments of property owners, have increased assessments on many properties in an arbitrary manner. These assessments have prompted wide discussion in the village. The village of Saugerties, like the city of Kingston, has in view the future financial picture of the municipality as set out under provisions of the two per cent law which limits municipal spending to two per cent of the average assessment of the municipality for the last five years.

Filling Operation Is Basis of Suit For House Damage

Negligent operation of a bulldozer to move earth fill into a ditch where Guss Nussbaum and Charlotte Nussbaum were constructing a house, is the basis of an action now on trial in County Court. Plaintiffs allege that Maurice Lane of Wittenberg filled in a ditch alongside the house which was under construction and thereby caused the front foundation to collapse. Nussbaum seeks to recover damages to his property by reason of alleged negligence.

Lane contends that he dug the original foundation excavation and later was called back to fill in the ditch around the foundation so that water would not stand in the ditch and freeze. This was in November 1947.

Plaintiff contends there was too much pressure against the foundation by reason of the manner in which the earth was returned, and that as a result the foundation collapsed and made necessary repairs. Lane contends Nussbaum asked him to come and fill in the ditch alongside the house to keep out the water and that he did the job as requested and is not liable for the damage.

Francis Martucci, 39, of New York, appears for plaintiffs and William C. Risley appears for defendant Lane.

Ross Introduces Bill

Washington, June 10 (AP)—Rep. Ross (R-N.Y.) has introduced a bill to guarantee job security for persons who have reached 40. Assuring it is time for Congress to take some action to provide job security for middle age persons, Ross yesterday said affording protection for competent and loyal employees 40 years of age and over would be "a great step forward in strengthening our free enterprise system." His measure would amend the Fair Labor Standards Act of 1938.

Two Generals Dissatisfied

Detroit, June 10 (AP)—America's preparedness in the opinion of two top military men, is badly wanting. Gen. Omar N. Bradley, Army chief of staff, complains of an "appalling decay" in combat capabilities at a time when the nation has "no present-day choice but to arm. If there were war today, says Gen. Joseph T. McNarney, the Air Force combat groups would be made up 'primarily of planes that were on the drawing boards prior to Pearl Harbor'."

Hasn't Seen \$10,000

Daytona Beach, Fla., June 10 (AP)—A man with evidence of the \$10,000 she has asked for marriage, Dorothy Lawlor's cousin, by Danny Wicker was coming today. Other than the plane ticket and the hotel suite he rented for her, the 28-year-old divorcee said Wicker had not produced the slightest evidence of having the \$10,000 she had specified as a precondition of marriage.

Wouldn't Cut Aid

Washington, June 10 (AP)—Harold E. Stassen pleaded with Congress today "not to tarnish the national honor of our country" by cutting European Recovery funds. The Minnesotaan, a candidate for the Republican presidential nomination, said a cut would be a "breach of commitment" to the 16 European nations cooperating in the Economic Recovery Program.

No Rain Expected

Newark, N. J., June 10 (AP)—No rain is expected tonight for the postponed Tony Zale-Rocky Graziano middleweight title bout in Ruppert Stadium's out-of-doors ring. The bout, originally set for last night, was postponed because of rain. The Weather Bureau, in its 10 a. m. forecast, said there would be considerable cloudiness this afternoon and tonight but no rain is expected.

Witness Testifies He Had Affair With Girl

New York, June 10 (AP)—A state witness testified today he had been intimate with a 22-year-old baking heiress five months before her death. His testimony was given at a retrial of two physicians charged with her abortion death.

Eduardo Schneidewind, 31, employee of the Argentine Purchasing Commission, told a jury he became intimate with Miss Jane Ward in his hotel apartment in May, 1947. She died last October 27, allegedly of an illegal operation.

Dr. Paul Singer, 43, of 101 Tonnelle avenue, Jersey City, N. J., and Dr. Oswald Glasberg, 49, of New York, are on trial on first degree manslaughter charges in connection with Miss Ward's death.

Senators Won't Set Any 'Fixed Date'

Washington, June 10 (AP)—Republican senators agreed today to try and adjourn Congress by June 19, but decided against setting that as a "fixed date" because it might encourage session-end filibusters.

Chairman Millikin (R-Colo.) reported this decision by a closed-door session of the Republican conference attended by 42 of the 51 G.O.P. senators.

Millikin said the Republican senators also reached a general agreement to support a one-year extension of the Reciprocal Trade Program as amended by the Senate Finance Committee.

Blackout Hits New York

New York, June 10 (AP)—The world's largest city had an unofficial blackout early today when a dense rain-and-smoke-filled cloud rolled in from the sea at an altitude of about 500 feet. Shortly after 8 a. m., as Manhattan office workers hurried to their jobs, the cloud blanketed the city with a gloom which the Weather Bureau described as only slightly lighter than total darkness. Meters at the bureau which register 10,000 in the full brightness of the moon sun recorded a light intensity of 10. The darkness resulted in the cancellation of 12 domestic flights at LaGuardia Airport. Automobiles moved at snail's pace with headlights on and extra lights shined in the windows of office buildings. Conditions improved as the cloud moved across the city.

Stassen's View

Washington, June 10 (AP)—Harold E. Stassen said today President Truman made an "unjustified, unstatesmanlike" statement when he told Congress the "worst" in history. Stassen had just said he thinks Congress has made "one of the most constructive two year records in foreign policy of any Congress in the history of our nation."

Financial and Commercial

New York, June 10 (AP)—Demand for aircraft issues broadened in today's stock market soon after the air force announced it will buy 2,201 planes as a step toward formation of a 70-group air arm.

Gains ranged to more than a point and a couple of issues hit new highs for the year or longer. The balance of the market moved over a narrow price field with advances and declines thoroughly mixed.

Rail issues made a fairly good showing at one time but buying interest in this group later faded. Turnover was comparatively slow although running at a rate well above 1,000,000 shares for the full day.

Grumman Aircraft and Lockheed each established new highs and plus signs appeared in front of Boeing, Douglas, United Aircraft and Martin.

Also ahead were Consolidated Natural Gas, J. C. Penney, Southern Pacific, Texas Co., and Gulf Oil.

On the losing side were U. S. Steel, Firestone Tire, J. I. Case, General Motors, and American Smelting and Refining Co.

Two Canadian soldiers who were reported A.W.O.L. from Fort Totten, Quebec, were picked up Wednesday afternoon by Sergeant A. A. Kelly, Corporal P. A. Vandenberg and Corporal R. V. Conkling. They were Sergeant Robert J. Lerner and Pvt. Ferdinand J. Lerner. The men told the soldiers they had left Sunday and had entered the United States through Vermont and were en route to Louisiana. Both had discarded their uniforms and were wearing old clothes when apprehended. Charged with entering

the country illegally, they were turned over to Immigration authorities in New York city.

Air Base Is Damaged

St. Joseph, Mo., June 10 (AP)—A large hangar, 21 airplanes and a mess hall used by the National Guard were destroyed by fire early today at nearby Rosecrans Field. Local fire department officials estimated the loss tentatively at \$975,000 pending a more complete check. One fireman was overcome by smoke while fighting the blaze and was taken to a St. Joseph hospital.

Van Kleeck Gets Highway Contract

Cottickill Work Consists of Paving, Grading

Albany, June 10—Construction with 18-foot asphalt concrete pavement on 2.28 miles of County Road 123 from Route 213 northwesterly to County Road 72, at Cottickill, in Ulster county, is provided in a \$105,981.85 contract awarded to William Van Kleeck, of New Paltz, N. Y., by Charles H. Seils, New York State Superintendent of Public Works. The present line will be followed generally by the new construction, but considerable modification of both line and grade will be made in order to improve the safety and riding qualities of the road.

Included in the work will be all necessary grading and establishment of drainage structures and facilities which are designed to materially improve the highway. Shoulders will have a minimum width of four feet with widths up to six feet being used on fill sections. Narrow strips of additional right of way will be taken, as required, adjacent to the roadway to provide for the greater width of completed highway.

The most extensive relocation of the highway line will take place at the northeasterly end of the project where numerous curves will be largely eliminated by a

series of long radius curves which will criss-cross the existing line in the properties of August Bergemann, Joseph Tentlaff, and Anton Donnestadt. At the intersection with County Road 72, the new highway line will be shifted a few feet to the east in order to line up with the existing road leading to Kingston, thus taking the offset out of the present intersection.

Users of the route are urged to drive with caution while work is in progress, not only for their own safety but in recognition of the many workmen who will be engaged on the project. Public cooperation in this regard will materially aid in the early completion of the highway.

One of Benjamin Franklin's experiments with electricity involved standing on wax blocks for insulation and generating current by rubbing a glass tube.

Board Investigates Collision Killing Air Force Officers

Rome, N. Y., June 10 (AP)—An Air Force aircraft accident board began an investigation today of a collision of two Air Force planes that killed three officers near Rome last night.

A C-45 transport and an AT-6 trainer crashed in the clouds during a rainstorm.

Victims were Lt. Col. Charles C. Wilder, Jr., pilot, and 1st Lt. Daniel E. Hiss, co-pilot, who were the only occupants of the C-45, and 1st Lt. Jacob Foster, pilot and only one aboard the AT-6.

All were assigned to Griffiss Air Base here for flying duty, but Wilder and Hiss had been on

duty as air R.O.T.C. instructors at Colgate University. The two were attached to the 105th Air Force Base Unit, Fort Slocum.

Griffiss Air Base said the ages and home addresses of the three aviators were not immediately available.

The C-45 dived into a field north of Rome and was virtually destroyed by fire.

The other plane, an AT-6 trainer carrying only its pilot, crashed within the air base reservation without burning.

Both planes were returning to the Griffiss Field from other bases, Simpson said. He did not know what bases.

To Establish Corporation Albany, N. Y., June 10 (AP)—The State Freedom Train Commission plans to establish a corporation to handle funds contributed toward the projected traveling museum of New York's his-

torical documents. The itinerary for the train, expected to go on tour in October, is being considered by the commission. Commission members would be trustees of the fund corporation, which would be called the Cultural Heritage Foundation, Inc. The 1948 Legisla-

ture, in creating the commission, appropriated \$50,000 for its use.

Princess Says She Was Short-Changed Almost \$100,000

Newark, N. J., June 10 (AP)—Princess Doris Farides Sultaneh says she was short-changed by almost \$100,000 when a suitor from Arizona offered to help handle her income taxes.

Testifying in the trial of Constantino V. Riccardi, accused of illegally transporting some \$18,000 of her furniture across state lines, the princess told how the stocky Arizonian took \$125,000 in jewelry to settle a \$29,000 income tax case against her.

She told the court Riccardi was supposed to sell the jewels, pay the tax and return the balance to her. But that balance, she said, was never delivered.

As a result, the princess said, she wrote in firm tones to Riccardi on April 18, 1946, addressing him as "dear sir" and concluding with the postscript: "You are not the man I thought you were. Therefore I am addressing you as a stranger."

The princess, whose previous husbands include Dime Store Magnate S. S. Kresge and a Persian prince, had testified on Tuesday that she had sent four shipments of household goods to Riccardi's Arizona home after accepting his marriage proposal.

She became suspicious of her 63-year-old suitor later, she said, and formally demanded return of the goods. Riccardi, she said, refused to return anything.

The Arizonian, who is wanted next by New York state authorities on a stock swindle charge met more trouble from a new source yesterday. Sheriff's officers at Los Angeles placed a legal attachment on his \$50,000 mansion there.

They said the attachment order was obtained by Mrs. Catherine Ingrao, 50, of suburban Leadman. She is suing Riccardi to collect on a \$10,000 promissory note which she said he signed August 12, 1946.

Body Is Found

Jersey City, N. J., June 10 (AP)—A woman's nude, bruised body, to which a heavy steel weight was tied, was found early today at the edge of the Hudson river near a pier here. In New York city, police identified the woman from fingerprints as Helen Mach, 38, of Brooklyn. The body was bound with ropes, and tied to a heavy steel cylinder. An autopsy was to be performed here.

He Got His Vixen

Buffalo, N. Y., June 10 (AP)—Francis Metzger didn't worry when his pet vixen escaped from a crate and scooted under a neighbor's house. He baited a box trap and waited until the fox entered to eat cooked spaghetti with sauce and grated cheese. A sliding panel didn't work, and the vixen went back under the house. More spaghetti and patience did the trick. "She dotes on it," Metzger says.

Ulster Residents Asked to Support Overseas Appeal

Drive Opens Officially
Tomorrow and Closes
June 24; Statement
by Chairman

The citizenry of Ulster county have been asked to join the nationwide campaign of the "AMERICAN OVERSEAS AID-UNITED NATIONS APPEAL FOR CHILDREN." The writer has been appointed chairman of this drive and has established headquarters in the MUNICIPAL AUDITORIUM, 467 Broadway, in Kingston, where all contributions are to be sent. The drive opens officially on June 10, and will close on June 24th. When members of our committee visit you, I trust you will make a generous contribution.

We who have been blessed with abundance and comfort in this glorious land of ours, must be awakened to the fact that we cannot sit idly by and disregard a responsibility which as humans is ours—and I hope that the adults and children of the city of Kingston and its neighboring towns and villages will open their hearts and purse strings in joining with other Americans to bring to a realization the sum of 60 million dollars that we in the United States are asked to raise. By so doing we can help stop starvation abroad where 230 million children are living—but near starvation. Will we say No? The priceless heritage of health and happiness which has been a tradition of previous generations of children may become only a memory for the children of the World of Tomorrow. In fact, the World of Tomorrow may be a sorry picture indeed, unless the tragic plight of the Children of Today is speedily and effectively improved.

We would not stop to ask a child that was starving its politics, religion, nationality? Why, we wouldn't even ask the name! One look into dreary eyes—at an emaciated body—and we would make it our responsibility to see that particular child cared for. Around the world are millions of such children whose only hold on life is the generosity of people better off—people who believe young lives are worth saving. These are children left in war's wake—homeless, many orphaned—all of them hungry. These are children of today, who along with our own, must cope with world problems tomorrow. Shall they grow up scarred in mind and body? Or shall they have learned peace and friendship and humanity—from us?

That is the story, sad—but by doing our part, in spite of the many drives that have preceded this—you will be blessed by giving. Let us compare the luxury of our children—to what they have.

Parents? Many are dead! Homes? Sometimes caves, boxes, huts, or old ruins! Food? Sadly inadequate! Often almost none! Life? Their survival may be up to us!

Sincerely,
HUGO WESSLER

Questions—Answers

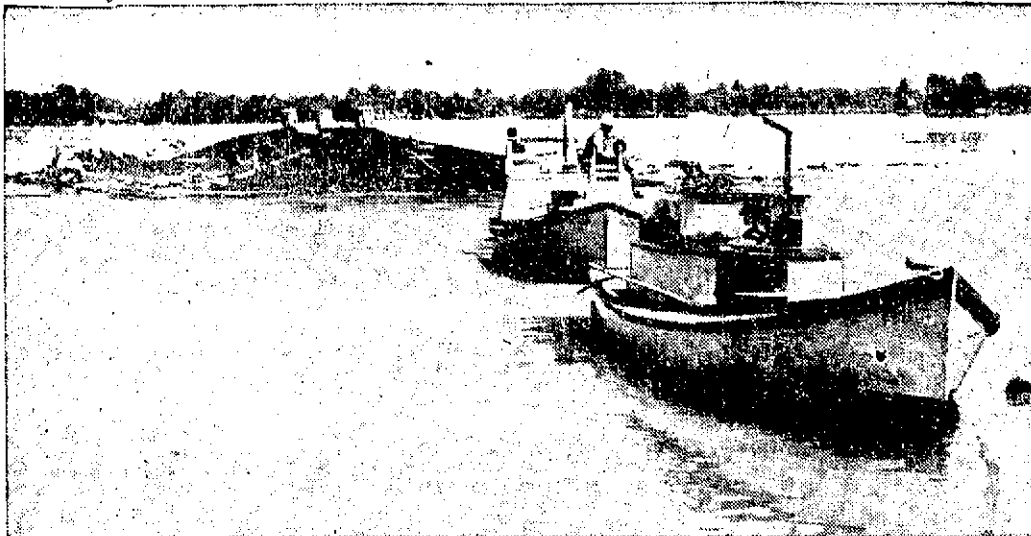

Q—Where did the French Maginot Line get its name?
A—From the late Andre Maginot, French Minister of War, who started the fortification. The French are now restoring the Line.

Q—What is necessary to join the D.A.R.?
A—One must submit proof of a direct ancestor who rendered patriotic service during the American Revolution.

Q—How can one distinguish between a rabbit and a hare?
A—Rabbits proper have short ears, are short-legged, and cannot maintain much speed for any great distance. Hares are long-eared, long-legged, and are swift-footed animals.

A—It was an American freighter torpedoed by a German submarine off Brazil in May, 1941, before the entry of the United States into World War 2.

Woodstock News

By Peg Hard

Joan Caulfield Is
Named for 'Turtle'
Show at Playhouse

Woodstock, June 10—Two of the Broadway productions for the summer season, Alfred Hitchcock's "Turtle" and "The Fast Lady," will be here for the first time. Joan Caulfield, who made a hit last season as the young Scot in "The Fast Lady," will be here for the first time. She will be in the box office of the Playhouse. Robert Montgomery, a student at the Columbia Law School, is the press assistant. Albert Heschong, faculty member of the drama department at Carnegie Institute, will return as technical director and stage designer. Ambrose Costello, Woodstock resident, will again be stage manager.

Treachery to Appear

Arthur Treacher, who usually portrays the role of a butler in the movies, has been added to this summer's schedule. He will appear in Pinero's "The Magistrate." Besides his film life, he has appeared with Ethel Merman in "Panama Hattie" and on many radio shows.

"All My Sons," by Henry Miller, the critic's prize-play of the past year, and "John Loves Mary," a recent New York comedy hit, also have been added to the schedule.

Sunday matinees beginning at 2:45 p. m. will be inaugurated this year. "This," said Linenthal, "will give the week-end visitors who must leave Sunday nights, an opportunity to see all the Woodstock Playhouse attractions."

The Playhouse will open its season Tuesday night, June 22, with Ann Corio starting in "Salvor Beware." Miss Corio is expected to arrive here the week before the opening.

Library Campaign
Still Lacks \$8,000

Woodstock, June 10—Although the rainy weather has to some extent delayed work on the addition to the library and the fund-raising campaign to pay for it, the committee in charge reports that they expect both these efforts will forge ahead.

Total contributions to the fund are now over \$4,000. There is still \$8,000 to be raised. The new addition will cost \$20,000 of which \$8,000 was available from library funds when the contracts were let.

The Rev. Harvey I. Todd, chairman of the fund-raising committee, has announced that the drive will continue until the goal is reached. It was learned that many persons who could not afford to make a cash donation at this time but who, nevertheless, were desirous of doing their bit, are pledging themselves to pay a stipulated sum each year for the next three years.

At a recent meeting of his committee, the Rev. Mr. Todd said, "everyone must realize that they are part of this drive. We must face the fact that this is a volunteer effort and is just as important to our lives as anything else that may come. Do not feel that you must pay the money now. We are interested in securing the moral support of your pledge, now, so

that we can go forward with renewed vigor and interest."

Plans for dedication of the new addition are being tentatively arranged for the Labor Day weekend so that summer residents and guests may have an opportunity to see the building completed before leaving our community for the winter months.

Military Burial Held Here

Woodstock, June 10—The funeral of First Lieutenant Roger P. Peyre was held Monday when a requiem Mass was offered at 10 a. m. by the Rev. Philip J. Nolan, pastor, St. John's Church, Stony Hollow.

Lieutenant Langlois escorted the body to the West Hurley station where it was met by the Woodstock American Legion and escorted to the church. Legionnaires at the train were Commander Benjamin Bulley, John Eager, Percy Hill, Everett Cashdollar, Frank Bradley, Henry Grazier, Wesley O'Brien, Joseph Friedberg, Roger Cashdollar, Nicholas Blazy, John Holmizer, Eric Wiltz, Lester Avery, Joseph Wagner, Paul Joyce, Robert Bulley, Harry Kutzschbach, Theodore Salvucci, David Dodd, Harvey Avery, Joseph Haldridge, Emil Mink, John McTeigue and William Klippel.

Following the Mass, the Legionnaires escorted Lt. Peyre's body to the Artists Memorial Cemetery in Woodstock where prayers were said by Post Chaplain William Klippel. Taps were sounded by Bugler Roger Cashdollar and the firing squad fired the last salute. There were many floral tributes including one from the Metropolitan Opera Company.

Lieutenant Peyre was the son of Mr. and Mrs. Gabriel Peyre who reside on the Maverick during the summer months. He was killed by a sniper's bullet on Saipan in the Marianas July 28, 1944.

Says Filibuster Arranged

New York, June 10 (AP)—A filibuster has been organized to prevent this session of Congress from passing the Mundt-Nixon anti-Communist Bill, says New York Congressman Leo Isaacson. The left-wing American Labor party representative told a Wallace-for-President meeting last night that efforts would be made today "to bring out the Mundt-Nixon Bill

and push it through." "We have the sweetest filibuster arranged for that," he said. The filibuster will keep Congress in session until September, if necessary, to prevent passage of the bill, he added.

Hedges were such important parts of the Roman gardens that those who cared for them and trimmed them were given a special, dignified title.

CHILLED SOUP IDEAL SUMMER FOOD

Chilled cream of spinach soup with garnish of halved, salted peanuts for hot day meals.

By GAYNOR MADDON
NEA Staff Writer

Chilled cream vegetable soup, with special garnishes, makes a welcome luncheon main dish on hot days. If condensed soups are used, little effort is required to make them. For best results use 1 1/2 cups cans of condensed tomato, asparagus, green pea or cream of corn.

To prepare soups, chill can in refrigerator for several hours, open, add equal quantity of cold milk or light cream. A couple of turns with an egg beater makes sure the mixture is smooth. Garnish daily and serve.

Here are a few garnishes that look pretty and taste good:

Cream of Spinach

(For each service)

1. One tablespoon chopped salted peanuts.
2. One tablespoon whipped or sour cream blended with curry powder to taste.
3. One tablespoon cooked, sliced ham and 1 tablespoon sliced apple or celery.
4. One tablespoon sour or whipped cream mixed with 1 teaspoon minced cucumber and a dash of cayenne. Top with a bit of unpeeled cucumber.

Cream of Tomato

(For each service)

1. One tablespoon sour or whipped cream mixed with 1 teaspoon minced cucumber and a dash of cayenne. Top with a bit of unpeeled cucumber.
2. One tablespoon shredded

Three prominent local citizens will be chosen as judges for the contest which will start in Forsyth Park at 6:30 p. m., June 19.

Schwollenbach

Continued from Page One

lenbach from taking an active part in recurring labor crises of the last several months. Last April he took a cruise to Havana in an effort to regain his health but was removed from shipboard in New York harbor on his return. He was taken to a hospital on Governor's Island for treatment of a respiratory infection.

President Truman's personal physician, Brig. Gen. Wallace H. Graham, attended him then.

Last July, while confined to the Naval Hospital at Bethesda, Md., after suffering a heavy cold, reports began circulating that he might resign.

The new Taft-Hartley Labor Law, coupled with sharp appropriations cuts, had stripped his once powerful department almost to a skeleton framework.

Aides who visited him at that time, however, came away with word that he was mapping a fight to rebuild the department.

The Taft-Hartley Law, effective Aug. 22, 1947, took away the condition service from Schwollenbach and set it up as an independent agency.

The political philosophy that caused Schwollenbach to be designated a Liberal (his critics placed him even further to the "left") was established early in his political life.

He campaigned at home for old age pensions and proposed taking over idle factories and lands to give work to the unemployed.

Before going to the Senate in 1935 he had represented labor organizations frequently in the courts. In a New York speech in 1937 he urged capital and labor to use the then new Wagner Act freely to "make operative the principle of collective bargaining."

Schwollenbach was left fatherless at 14, worked his way through high school and University of Washington. He was a Democratic precinct captain while still in college. He was graduated in 1917 and went off to war after a few months' law practice.

After the war he practiced in Seattle until he went to the Senate. He married Anne Josephine Duffy of Seattle a few months after becoming a senator.

XS-1 Is Faster Than Sound

Several Times, Is Report

Washington, June 10 (AP)—Air Secretary Symington said today the Air Force research plane XS-1 several times has flown "much faster than the speed of sound."

Symington told a news conference that so far as he knows no other plane has achieved supersonic speed, that is, faster than sound travels.

"The first and only pilot to fly the XS-1 beyond the so-called sonic wall is Capt. Charles E. Yeager, 25, a fighter pilot who destroyed 13 German planes while serving with the Air Force."

Yeager, a native of Myra, W. Va., is a test pilot assigned to the Air Materiel Command at Wright Field, Ohio.

Is Made Marshal

Cambridge, Mass., June 10 (AP)—A 21-year-old Negro who has made an outstanding record at Harvard both as a scholar and as an athlete today was one of the three marshals at the university's 297th commencement. Chester M. Pierce, of Glen Cove, Long Island, N. Y., was second marshal—the equivalent of vice-president—of the graduating class. He was chosen by popular vote. College officials said they believed it was the first time a Negro had won the honor. The six-foot, four-inch Pierce entered Harvard at the age of 17 and was an honor student. He was a tackle on the football squad for three years and also a member of the lacrosse squad.

cease fire terms, Under present plans, Lie said, the United States, France and Belgium will supply the ships and military observers. The mediator said the U.N. committee of representatives of the United States, France and Belgium, will supervise immigration and other controls during the truce, through 63 military officers. These officers, he added, will be under the supervision of a group of Swedish engineers who arrived in Cairo yesterday to be his aides. During the truce, Bernadotte said, military observers will be stationed at all Palestine ports and airfields and all main roads will be watched. If immigrant men of military age arrive in small numbers, they will be placed in detention camps, he said. The mediator said he will fly to Amman tomorrow and then proceed to Jerusalem on the first day of the truce.

On the second charge, Mowle pleaded guilty in city court today and was sentenced to a fine of \$10 or 10 days in jail. Police alleged the car was stolen from the rear of Altamari's Tavern at 586 Broadway shortly before the accident. All three cars involved received considerable damage, the police said.

Jim Rose took Sue Elleman to the senior prom in Columbus, O. He bought her a corsage of red roses. She stuck one on the dashboard of the car—for luck, maybe. world with a lavish hand and that "today we are further from peace than we were on V-J Day."

He said that the Marshall Plan appropriations could be used to build up the western European nations as a great bulwark against Communism.

Turning to domestic problems, Dewey said that when he became governor of New York after a Democratic administration he found chaos, and that it was necessary to make a thorough housecleaning.

Next January, he said, "I promise the biggest, fanciest housecleaning in the history of the federal government."

Dewey charged that President Truman had been working two years to clean the Communists out of the federal government, but had not succeeded.

"The way to do this," he said, "is to elect a president who won't appoint Communists in the first place."

At a brief news conference pre-

ceding the breakfast, Dewey reiterated previous charges that President Truman's proposed civil rights program is "a clumsy and crude copy of the Republican platform of 1944." He said the Republican platform was moderate and workable.

French Crisis Eases

Paris, June 10 (AP)—The French cabinet crisis eased today. Observers expressed belief the National Assembly would have noisy debate tomorrow and Saturday over the plan for a federal government in western Germany, but that Premier Robert Schuman would not be defeated. A reported agreement on the religious school issue was said to have placed the cabinet in a less precarious position. The compromise was reported based on an agreement that religious welfare association funds could be spent on food and clothing, but not on educational costs.

Factory employment decreased 1.5 per cent between March and April in the Kingston-Newburgh-

Health for All

Poison Ivy

When summertime comes along the desire to take to the open road becomes strong. Everything is fresh and new and alive. We want to sit in the grass, climb a tree or pick flowers.

Well, there's one flower or plant it's a good idea to be on the look out for in order to avoid—and its name will tell you why—poison ivy.

It's a pretty thing and gets around wherever you do—along roadsides, in picnic grounds and recreational areas, on tree trunks (it's a clinging vine) and fences. It's easily spotted, having three-part leaves, usually red and green, which are smooth and glossy.

If you get too close to this plant you will soon know. Whatever part of your skin has rubbed against it will suddenly itch, get red and burn. Blisters may break out.

If it's a bad case, you should see a doctor. But in the meantime, or if the case is mild, you can wash the exposed area with a strong laundry soap, which will remove the oily resins causing the irritation. Don't use toilet soap—it's too mild; don't use cold creams or ointments—they can be harmful.

Poison ivy usually lasts ten days or three weeks, depending on the severity of the case.

Less well-known than poison ivy, but somewhat more severe in its effects, is poison sumac. This plant is found in swamps and bogs,

but it's often hidden in clumps of small shrubs. The latter is the more difficult to find and therefore more dangerous. The leaves run in series or groups of four to six leaflets.

Although more severe than poison ivy, the cure, pending a visit to a physician, is the same because both are essentially skin irritations.

Before going on a summer outing, it might be a good idea to find out in advance what the

plants look like. You can find them in a nature book or you can write your local health department for a pamphlet on plants harmful to man.

This column is sponsored, in the interest of better health, by the Ulster County Tuberculosis and Health Association, 74 John street in Kingston.

Police said the truck was operated by Howard Bird, 29, of 45-25 Browne street, Flushing, Queens, and was north-bound on Second avenue at the time of the accident.

It takes all three to make the right infant feeding schedule

THE DOCTOR advises what the baby should eat. He will recommend scientifically prepared baby foods that have the natural food values and flavor retained in high degree. Beech-Nut makes baby foods the way doctors and food specialists want them made.

THE BABY instinctively knows how much he wants to eat—and many food specialists now say, "Don't feed your baby too much."

THE MOTHER lets her baby's own appetite decide when, and thus establish an easy-to-keep feeding schedule. Meal time can be happy time when Doctor, Baby and Mother get together.

Senators to Vote

Continued from Page One
today's final vote on his second try during the long evening.

"We must keep ourselves physically fit and tolerant," Wherry pleaded.

Yesterday's extra-hour session produced some caustic floor arguments, a large crowd of spectators, and these results:

1. Defeat on a voice vote of the modified segregation amendment urged by Senator Russell (D-Ga.) and other southern senators. It would have required all-white or all-Negro units in the armed services for men who asked to serve only with those of their own race.

2. Approval, by 44 to 39 vote, of a provision for a complete overhaul of the army and air force court martial system. Senator Kern (R-Mo.) won this after telling the Senate that military justice was shocking to thousands of soldiers during World War II. An identical provision has been voted by the House as a separate measure.

3. Rejection on a voice vote of an attempt by Senator Malone (R-Nev.) to revive the original separate Universal Military Training plan.

4. Defeat, by a 36 to 24 roll-call, of an amendment by Senator Capahart (R-Ind.) which would have required President Truman to "push the button" to start any actual drafting. A similar provision is in the House bill that has been awaiting weeks' committee clearance for weeks.

Both G.O.P. Policy Chairman Taft of Ohio and Acting Leader Wherry backed Capahart's proposal. It would have delayed actual drafting for 90 days after the bill became law and then require the President to start the machinery by a White House proclamation.

Senators Tydings (Dem.) and Myers (Pa.) took exception to it. Tydings said the Republicans usually complain that the President has too much power. Myers said the senators should have the "intestinal fortitude" to ask for the draft themselves.

But, finally choked off the debate by telling the Senate that it was spending hours on a minor point, and if this continued "we're going to be here the rest of the year."

Find 'Lost City'
Moscow (AP)—Soviet archeologists are excavating a "lost city" in the desert of Kyzyl-Kum in Central Asia. Announcing this "Red Star" said the name of the city was "Tarak-Kala." The city, from what historians can determine, was abandoned in the Third Century A.D.

City Has Good Lookers
"Those two cops were very kind, and good-looking, too," she smiled. "You're not bad yourself," was her compliment to Ken Roosa, Freeman photographer, as he asked her to pose. "I'd like to have your telephone number! But never mind that other guy's the headlined one who asks all the questions."

"He even asked me if I was in favor of the New Look. It's none of his business. Furthermore, I think it's the Old Glean that gets 'em."

Her Own Stylist
Laura had a style all her own, a farmerette hat, gentleman's sweater buttoned out of line, red woolen socks like a ballplayer wears and a pair of G. I. shoes.

"We expect to reach the south in time for the Presidential election," she advised. "Who are we going to vote for? We're not saying."

Whether the mishap will interfere drastically with their schedule depends on how soon they can match that wheel.

Oh! That Wheel!
"It's a perplexing problem," was the reply of Al Kurdt, executive secretary of the Chamber of Commerce. "We've looked high and low, even in surrounding farm localities, but nobody has a wheel like the Beckers'."

It took two days for the modern pioneers to get from Hollowville, Columbia county, to the point of the crackup on Albany avenue extension, according to the log book of Captain Laura.

"I'm boss," she insisted, as she waved a stick at Nell, her dog, as she directed her to "look pretty" for the "picture man."

She's the chief cook too, and can whip up a meal in jig time on the family oil stove. "We do our cooking outside to keep food odors out of the wagon, and to prevent fire. We wouldn't want to lose our home. Just as soon as Russ gets time, I'm going to insist that he paint it."

Figures \$50
Laura figures it will take nine on to \$50 for the trip south, counting fodder for the team. Sixteen quarts of oats per day is necessary for the horses. They make on an average of 11 miles a day.

This isn't the first trip in their rolling home. The Beckers traveled to Bennington, Vt., once and back to Columbia county in it.

Getting around the country keeps one young, according to Mrs. Becker who is 47, and it is easy for her to understand why Presidents have their yachts, airplanes and special trains. She'd as soon have her wagon though, but wishes the wheels were sturdier. So does Russ, who's 57 and knows that a fellow has to slow up a bit as the years pile on.

Big Hunt Is On To Help Couple Traveling South

The housing problem poses no troubles for the Russell Beckers of Hollowville, Columbia county, but their house is a problem right now.

They're stranded on Albany avenue extension. A wheel on their rolling home gave way, Wednesday afternoon, and they can't find one to replace it.

"By Jupiter, it's gonna take longer to get to West Virginia now," exclaimed the former farmer and millworker who is headed south for his health.

"Russ has to go to a part of the country with a higher altitude or whatever they call it," said his Fair Lady, "and now this had to happen." She pointed to the rear left wheel that looked ready to collapse.

Has 'Em All Stuck
The plight of the traveling couple runs like the storybook yarn that refers to "all the king's horses and all the king's men." A wheel to match the other three just can't be found. Becker's looking, the police department's looking and the Chamber of Commerce too.

Reason for the big hunt: The chassis of the rolling home is an old lumber-box wagon type that probably has seen better than 50 years. They don't build 'em like that now.

Trouble started yesterday as the vehicle, resembling a farm out-house, rumbled over the rough highway under construction.

Laura (that Mrs. Becker) told a reporter: "That Prince of ours became frightened by one of the dad gang engine shops and ran our wagon into a ditch. Crack! Away went the wheel."

Just a Farm Horse
"See, he's only six years old, and has been used mostly for plowing on the farm. These new gadgets scare him."

"Babe, our other horse, is 12 and blind. She pays no mind to these things and goes right along."

Right after the near tragedy, two of Kingston's radio car patrolmen drove up. James Burns and Earl Schoonmaker wanted to know what was going on.

"They thought we were gypsies, and I thought they were just plain nosy," Laura explained. "But after we understood each other things were different."

City Has Good Lookers
"Those two cops were very kind, and good-looking, too," she smiled. "You're not bad yourself," was her compliment to Ken Roosa, Freeman photographer, as he asked her to pose. "I'd like to have your telephone number! But never mind that other guy's the headlined one who asks all the questions."

Dance Students Appear in Annual Cashin School Revue

About a 125 children gave the first performance of the Cashin School of Dance Revue at Broadway Theatre, Wednesday night. The various stages of training in technique were exhibited from the tiny tots to the older and advanced pupils. Costumes were especially attractive with what seems to be the "new look" of extra flourishes and ruffles. The show will be repeated tonight.

Two of the scenes which were different from most of the routine dances and which were performed with experience were the fencing numbers entitled "March of the Musketeers," danced by six girls in smart white dresses and helmets trimmed with red; and "Dance of the Little Prince," probably the most precise feature of the show, in the latter the girls sat on chairs tapping out rhythms with their feet and using their arms in intricate patterns. Later this same group appeared in Yankee-ettes to show that they could stand on their feet and dance with the same ability.

The "Can Can" number was another dance showing precision only in the instead of tap dancing. The girls wore bright corse dresses and bonnets lined with pink ruffles. Later Patricia and Terry O'Reilly of this group reappeared for a special toe dance.

Copacabanna ruffle-dancers were another group of capable dancers. Acrobatic routines featured Betty Bunce and Kathleen Mehm, the hit of the first scene in the show. Sandra Mackey in High Kick, (she was also the star of the Hawaiian number) Rae Gadd and Joan Walsh in a specialty.

Lee Barnett, the vocalist, was an important member of the cast, not only for his songs but his dancing and innate ability to entertain. The Dancing Lesson and Captain Kidd numbers were especially appropriate. Bobby Barnett sang "Oh, Nurse." The girl vocalist, Pat Cardinale, is also a fine performer.

Tap solos and specialties showed a variety of ability and training. They were taken by Linda Marx, Nancy Silver, Betty Ann Thomas, Joan Walsh, Peggy Glennon, Rae Gadd, Carol Goldleaf, Joan Snyder, Betty Ann Merritt, and Ann McCordle.

Carol Goldleaf was the attractive toe dancer for the solo styled for a lightrope walker and Beverly Havin and Madeline Barnowitz were the Chinese toe dancers.

The baby class gave a fashion revue demonstrating the first techniques of learning to walk gracefully and the first tap steps. They were dressed in various costumes, one a party dress, another a first formal, bathing beauty, for school, Dutch girl, Golden West girl, and the "new look." A bit older the powder puff girls dressed in fluffy pink and silver costumes used huge white powder puffs in an attractive dance.

The show closed with a finale bringing in everyone in the cast. Helen Cashin Davitt and her assistants Blossom Barnett also joined the group.

The orchestra under the direction of Jules Teller were excellent accompaniment. A special commendation should be given Mrs. Earl Gedney, studio pianist, on whose knowledge of the correct timing and rhythms, depends much of the success of the show.

The backdrops were simple and in good taste to display the costumes. Metallic cloth is back after the war years together with crinoline and other materials which give style to a costume. Yellows and blacks, white and pastels, pale yellow gold and blue, cerise and soft green, cerise and bright blue were some of the combinations.

The revue is entitled Salute to the Dance and is given between the showings of Blondie's Anniversary, a good movie for the children. The revue is approximately an hour and a half in length.

ENGAGED MEN'S MOTHERS, PLEASE NOTE

There seems to be some doubt about this young woman's engagement. She writes me: "I am engaged to a young man whose family lives in the South and whom I never have met. He has written me to come south during my vacation and I'd like to go and meet his family. But no one has written me either about coming or about the engagement. I don't want to seem formal about this, but I don't feel right about going. What is your advice?"

Tell your fiancé that his mother has not yet written a word to you and you cannot go without an invitation from her.

Godparents Who Live at Distance
Dear Mrs. Post: When the godparents will have to travel quite a distance to be at the christening, who is responsible for their railroad fare?

Answer: They are. If they can't be present, they can serve as godparents by having proxies serve for them. That is, others who are present make the responses in their names.

Husband Mixes Cocktails
Dear Mrs. Post: When entertaining guests at home, is it the man or his wife's place to mix and serve the cocktails?

Answer: The man mixes the alcoholic cocktails but his wife should see that there is tomato or fruit juice cold and ready to serve at the same time.

Unhappy Divorce Situation
Dear Mrs. Post: Mother and father are being divorced. Mother says if father is present at my wedding, even so much as a church to give me away, she will be among those missing. If it becomes a question of choosing between them, then mother comes first. But how can I decide this when I love both and would like both there?

Answer: You can't and if your Mother cannot be made to see the

Rain Halts Colonials Again; Cubans Here Saturday Night

Warren Muller, Former Eastern Loop Hurler, Slated for Debut

Jupe Pluvius, who is becoming a nuisance in the minds of the Kingston Colonials, players and board of directors alike, spoiled the debut of Gus Maisel, the newly acquired hurler Wednesday night at municipal stadium. Official postponement of the scheduled acrilight tilt was made at 3 p. m.

Last night's postponement was the second in a row with the Allentown Red Sox booked as the opposition for the local club. Previously, the Pennsylvania club was scheduled to help the locals open the 1948 season.

Cubans Here Saturday

The Colonials will try it again Saturday night at the uptown ball park with the powerful New York Cubans as the attraction. Always labeled as one of the most colorful road clubs, the Cubans have been playing excellent ball around the Eastern seaboard this spring and should help pack the stadium for this acrilight contest.

Manager Joe Hoffman has already named Warren Muller, the former Eastern League mounder, as his choice to oppose the Cubans Saturday. If all that Muller needs is rest, he should be in top form. He has yet to hurl a game in Kingston this year.

The appearance of the fast-stepping Cubans here Saturday night will be their first since 1946 when they waltzed to an easy 8 to 0 win over the Recreationists. Lefty Luis Tiant hurled the shut-out win.

A perennial powerhouse in the

Negro National League, the New Yorkers boast of some of the top talents in septia baseball today.

In all probability, Manager Hoffman will stick to his regular lineup that knocked off the Jersey City Otto Macks by 8 to 2 in the only game his club has played this season. However, he has indicated that some changes will be made unless the defensive play improves.

The Colonials were set to take the field last night with Fred Price, Johnny Gentile, Charlie Francello and Buddy Van Herpe on the inner defense with Steve Hstau in left, Bill Glanz in center and Kroh in right. Tom Corrigan, former Brooklyn Dodger property, was slated to catch the slumps of Maisel.

The Colonials' defense broke wide open in that lone game of the year but the local skipper doesn't expect much of the same to happen again. Despite the team's idleness, the Colonials shape up to have a formidable defense and offensive edge against all comers.

Major League Roundup
(By The Associated Press)

Apparently all that was troubling young Curt Simmons was a case of big league jitters.

Off to a poor start, the 19-year-old Egypt, Pa., high school graduate who received a record bonus of \$60,000 from the Philadelphia Phillies last summer, is beginning to pay dividends on the investment. The solidly-built southpaw gave the most impressive performance of his brief career last night when he outpitched the great Ewell Blackwell as the Phillies defeated the Reds 3-2 in Cincinnati.

Simmons was tagged for nine hits, but in only two innings did he allow more than one hit. He struck out nine Redlegs.

The victory, which advanced the fifth place Phils to only two and a half games behind the first place New York Giants in one of the closest races in National League history, was Simmons' third in succession. He now has a record of four victories and four defeats. Just two weeks ago, Curt boasted only one victory against four setbacks.

Dick Sisler, hard-hitting Philly first baseman, accounted for all Philadelphia's runs with his ninth home run of the season which came with two men aboard in the third inning.

Blackwell, the Reds' ace right-hander, who gave up only five hits, was lifted for a pinch hitter in the seventh inning.

Braves Belt Cards

The St. Louis Cardinals missed an opportunity to take over first place when they suffered an 11-5 setback at the hands of the Boston Braves in a night game in St. Louis. A victory over the Braves would have put the Cards half a game on top.

The Giants, who started the day with a four percentage point lead, had split a double header with the Cubs in Chicago and lost their four-point bulge. So, instead of being in second place, the Giants found themselves in front by half a game when the Cards got whipped.

After preventing the Cubs with five unearned runs to drop an 8-7 decision in the opener, the Giants came back to win the nightcap 5-1.

Ralph Kiner's three-run homer highlighted a five-run first inning and gave the Pittsburgh Pirates a 6-4 victory over the Brooklyn Dodgers. The Pirates now trail the third place Braves by three percentage points.

A's Lose Fifth

The Detroit Tigers came from behind twice to hang another defeat upon the skidding Athletics, 7-4 in a night game behind the New York Yankees. Philadelphia is now four games behind the American League leading Cleveland Indians.

Early Wynn registered his sixth victory as the fast-traveling Washington Senators whipped the St. Louis Browns 5-2 in another night game in Washington.

Rain forced the postponement of two games in the American League, Chicago at New York and Cleveland at Boston.

Crack Cuban Pitcher

WILFRED SALA

One of the newest stars on the roster of the famous New York Cubans, 1947 Negro World champions, is Wilfred Sala, fast ball pitcher acquired from the Havana Winter League. Sala is a possible starter for Saturday's game between the Cubans and Colonials at municipal stadium. The Cubans, always big favorites here, won the Negro National League title in 1947 and then knocked off the Cleveland Buckeyes, Negro American winners, in four straight games in the Negro World Series. Warren Muller, ace southpaw, will make his debut for the Colonials in this game.

Rock, Zale Sweat Out Hours Until Title Go Tonight

Newark, N. J., June 10 (AP)—Finely trained Rocky Graziano and Tony Zale kept an anxious eye on the sky today as they sweated out the hours for their 15-round middleweight title bout in Rupert Stadium tonight at 9 p. m. (E.S.T.).

The fight will be broadcast over Station WOR and other Mutual Network stations starting at 10 p. m., D.S.T.

On edge after months of training drudgery for this third and rubber fight, the battlers were keenly disappointed when intermittent rainstorms yesterday set back the fray a day.

Today's forecast for "partly cloudy" weather was enough to keep them on the hot seat. They weighed in yesterday at city hall—Champion Graziano at 158½ and Zale at 158½—and don't have to repeat the ceremony today.

But should nasty squalls force another 24-hour delay the gladiators might be in for trouble. In event of a double postponement, they'll have to make the 160-pound division limit again Friday noon, according to the ruling of Abe J. Greene, chairman of the New Jersey State Athletic Commission.

After once weighing in, fighters usually pack in a big meal and pick up a couple of pounds by ring time. Thus if the weather plagues them once more, they may be compelled to "dry out" for the sake of the scales. One or both could very well blunt the fighting edge they've drilled so long to achieve.

While Zale and Graziano were disturbed over the postponement, the promoting Tournament of Champions, Inc., counted on it to bring another harvest of dollars.

The "Seven Angels" as the seven businessmen backers are called, already were assured of

breaking even on their initial promotion. They've got a ticket sale of more than \$277,000 and \$70,000 for radio and movie rights. Whatever comes in today is pure gravy. Graziano will get \$120,000 and Zale \$60,000.

The promoters still hope to hit their goal of 25,000 crowd and a \$350,000 gate.

No Television

There'll be no additional revenue from television. Ben Bodne,

president of the corporation, reiterated the show will not be televised.

The betting odds on the fight remained stable with the rough, rugged New York titleholder favored at 5 to 11 in the man-to-man wagering.

Rocky knocked out Zale in the sixth round last year. The quiet, former steel puddler from Gary, Ind., flattened the Rock in the sixth round of their first fight in 1946.

Dodgers Sell Clyde King, Send Jorgensen to Minors

Another reshuffling of the Brooklyn Dodgers was made today with the announcement that Clyde King, relief hurler, had been sold to the Philadelphia Phillies for the \$10,000 waiver price, and that Johnny "Spider" Jorgensen had been optioned to St. Paul of the American Association.

On the heels of the transactions, Manager Leo Durocher said that he expected to bring back Mary Rackley, outfielder, and Hank Behrman, pitcher, from the Montreal club of the International League.

The Brooklyn club pointed out that Jorgensen's farming out to St. Paul was the result of continued arm trouble. Jorgensen was sent down on 24-hour recall option.

Bagatelles:

A year hence the old bowling bugaboo of "where can I get an open alley tonight" should be solved with finality. . . . By sheer force of economics Kingston, a good bowling town but never a great one, will have 44 public alleys and six semi-public drives. Economics in this case dictate that Messrs. John Sangi, John Ferraro and Vic Russo create greater, much greater bowling enthusiasm than has existed in our metropolis for the past two years. . . . Russo's new layout will be a showplace and Johnny Ferraro's proposed establishment will be a miniature in modern bowling design. . . . "Red" Sangi, meanwhile, will operate the refurbished Central Recreation. . . . The labor situation, especially on the male side, being what it is in Kingston, we are frankly dubious about the chances of all three establishments flourishing simultaneously. . . . We'd hate to see anybody get hurt but it could happen.

Flotsam and Jetsam:

Steve Zowak, Catskill flinger, who has operated with undisturbed success in the City Baseball League, stifled Willwyck Motors with one-hit last Sunday. . . . Charlie Francello's clean single shattered Zowak's no-hit spell with one out in the eighth. . . . "Bo" Gil has something to cheer about after all. . . . Hudson's Eastern Football League entry has signed Donald Bangert, former Villanova 150-pound team coach. . . . Wonder if semi-pro football will ever come back in this town. . . . Add similes: Deader than amateur boxing in Kingston. . . . Can you tell the difference between a pickered, an northern pike or a walleyed pike? . . . According to the Louis A. Wehle fishing experts, a surprisingly large number of anglers don't know and constantly confuse one species with the other. . . . Actually the pickered and walleyed pike are entirely different fish. . . . The pickered has only one dorsal fin while the walleyed pike, which is not a true pike, but rather a member of the perch family, has two dorsal fins. . . . Thought you'd like to know.

Of Men and Mice:

The Los Angeles Riviera golf course on which the 1948 U.S. Open is being contested is the longest on which a national Open has ever been played, 7020 yards. . . . Slammin' Sammy Snead, who lost in the National's playoff last year, hit such terrific wood shots in his practice round that on a 569-yard hole, he was putting for an eagle three. . . . Which reminds of the story often told of the day Ray Billows, of Poughkeepsie, visited Twain's skill and was on the No. 5 green in two. . . . Local golfers generally agreed that Willwyck's three strokes tougher than Twain's. . . . Anybody who puts Nos. 3, 6, 7 and 9 consistently at Tony Danaher's layout is not to be confused with a shoemaker. . . . Was that Dr. Saul Goldfarb hacking and scuffling in that foursome at Stamford? . . . While the Kingston golfers were subduing the mountaineers, the Stamford baseballers were tripping Franks' Sport Shop of the City League, 2-0.

PEOPLE ARE FUNNY DEPARTMENT: A Stamford resident who lives about 500 feet from the Stamford baseball field told us he hadn't seen a game in five years. . . . So he travels 27 miles to Ontario three or four times weekly to see the Canadian-American League games.

These are trying days indeed when radio announcers give out with deathless rhetoric from smoke-filled studios. Hot vowels, mayhap.

Novellette:

Then there was the story about the popular bowler-mixologist and banana truck driver who was putting on his act for the benefit of two attractive creatures—a blonde and brunette at Jasper's. They ordered an Alexander, a bizarre concoction of malted chocolate, powder, rock and brown paint. The mixologist, immaculately attired in white, lifted the mixer way above his head—just like the big timers do—then something happened. . . . The mixer slipped, the Alexander flew all over the place and the blonde and brunette walked out. . . . They all laughed except the mixologist who by now resembled a ginger bread man. The moral of the story: stay in your own league.

MULLIGAN MIKE SAYS: "On some figures," mildly remarks the feminine commentator, "the wasp waist and gently rounded hip-line are not difficult to achieve." Not, we suppose, without a new Battle of the Bulge.

Jones Dairy In Two Game

Providing the weatherman gives the nod, Jones Dairy and Boulevard Gulf will supply the action for City League baseball fans tonight at the Athletic Field.

Game time is 6:15 p. m.

Two newcomers to the loop, Cy Brown for the Dairymen and Bill McCarthy for Boulevard Gulf, are the announced hurlers. McCarthy hails from Highland.

The Dairymen are currently lodged in third place with a record of three wins in five starts.

Boulevard Gulf has chalked up one victory in three starts.

Friday's windup game for the week will find unbeaten Morgan's Restaurant opposing Stauble's Bakery. The Bakers have a two and two record for the season.

Navy Gets Choice Number Three Slot for Regatta

New York, June 10 (AP)—Navy, the defending champion, will be in one of the three favored lanes for the varsity race of the Poughkeepsie regatta, June 22.

In a drawing here yesterday the Middies won the choice number three position. Lanes four and five, also favored under normal conditions, went to Syracuse and Princeton.

Eleven crews are entered in the varsity race, nine in the junior varsity and 10 in the freshman event.

The lanes are numbered from the west side to the east across the Hudson river.

The starting positions by lanes: Varsity race—1, Cornell; 2, Pennsylvania; 3, Navy; 4, Syracuse; 5, Princeton; 6, Rutgers; 7, Wisconsin; 8, M.I.T.; 9, California; 10, Columbia; 11, Washington.

Junior varsity—1, no boat; 2, no boat; 3, Navy; 4, Washington; 5, Columbia; 6, Syracuse; 7, Princeton; 8, California; 9, Cornell; 10, Pennsylvania; 11, M.I.T.

Freshman—1, no boat; 2, Cornell; 3, M.I.T.; 4, Columbia; 5, Princeton; 6, Wisconsin; 7, Rutgers; 8, Syracuse; 9, Pennsylvania; 10, Navy; 11, Washington.

Eternal Bull

New York—Ellipsed, perhaps, except in breeding circles, by the doings of sires and daughters of Bull Lea, is that another young son of Bull Dog, Eternal Bull, is leading the list of sires of two-year-old winners at the present time.

Ben Hogan Is Favorite As U. S. Open Golf Starts

Los Angeles, June 10 (AP)—Favorite Ben Hogan and about as fine a competitive field as the country has to offer teed off today in the 48th U. S. Open Golf Championship.

The pint-sized Hershey, Pa., star with the long, straight shots was the logical choice to lead the pack when the famed trophy is awarded at the 72-hole conclusion Saturday.

Hogan has played some of his hottest golf on the 7020 yard Riviera course, hard by the Pacific.

He won the Los Angeles Open Tournament here last January with a four-round total of 275, nine under par for the trip and a new course record. The year before he pocketed first money in the same tourney with a 280.

Riviera is the longest layout over which the National Open has been played. Its par is 35-36-71.

Experts, those who play the shots themselves, voiced the opinion even par of 284 would be sufficient to win the title.

The links derby that will decide whether Lew Worsham of Oakland, Pa., will retain the laurels he reaped a year ago at St. Louis, comprised the best in the land plus Bobby Locke of South Africa. The rosy-checked invader from Johannesburg, a consistent money winner in American tournaments the last two years, was a strong choice of many.

Nutmeg State Champ Nears Golf Title

Douglaston, N. Y., June 10 (AP)—Barring a complete blowup, long-hitting Patricia O'Sullivan of Orange, Conn., appears a cinch to win the Eastern Women's Golf Championship.

Going into the third and final round today, the 1947 Connecticut state champion carried a 12-stroke advantage over her closest challenger.

She had a total of 148 for the first 36 holes of the 54-hole medal play event. Nearest to her were Mrs. R. M. Torgerson of Garden City, N. Y., and Kay Byrne of Rye, N. Y., with 160's.

Summer Is A-Coming In

Among the first and nicest signs of summer are blue skies, warm sun, and pretty gals in bathing suits. This beach, on the shores of Lake Coeur d'Alene in northern Idaho, has its share of the latter. Red-haired Marion Mason relaxes while Patty Swank rubs suntan lotion on her, with Donna Jantz overseeing the operation.

Truman Worst

Continued from Page One
from a small boy," said Rep. Van Zandt (R-Pa.).

Rep. Hooper (R-Kan.), chairman of the House Agriculture Committee, suggested that "the fragile reception which the President is receiving in the West seems to have driven him to some loose and irresponsible talk."

G.O.P. senators were somewhat more restrained in their public comment.

But Senator Wherry of Nebraska, acting majority leader, accused the President of playing "ward politics."

Senator Taft of Ohio, chairman of the Senate's Republican Policy Committee and a candidate for his party's presidential nomination, will have a made-to-order forum for a rebuttal tomorrow night.

Taft, who has tangled with Mr. Truman before on Congress' record, is booked for an appearance on the N.B.C. "Pro and Con" program at 9:45 p. m. E.S.T.). The broadcast, on the subject "Shall We Go Back to the New Deal?" was planned before the President's latest outburst.

Taft notes this and said his appearance "is not intended as a reply to Mr. Truman's statement. But I shall probably make some reference to it," the Ohio senator added.

Congressional Democrats were silent. As a minority not in control of Congress, they excluded themselves from the President's criticism.

As a matter of fact, Mr. Truman toned down his words somewhat a couple of hours after his first blast.

Visiting the huge Grand Coulee Dam Inter in the day, the President said that on second thought maybe the "Thaddeus Stevens" Congress of Civil War Reconstruction days was worse than this one.

But certainly, he went on, this Congress is the worst since he got into politics in 1920 and even the worst in his memory.

Back here the lawmakers showed no signs of tempering their remarks.

What's more it begins to appear increasingly likely that Congress will be on hand this summer for closer range word battling with the President.

League Criticizes Board of Health On Market Action

New York, June 10 (AP)—The Dairyman's League criticized the Board of Health yesterday for opening the New York market to milk and cream from outside the New York milkshed.

The Board of Health on Tuesday announced that the ruling, effective Aug. 15, would permit, for a limited time, the purchase of milk and cream destined for "manufacturing purposes" from sources outside the city-inspected milkshed.

"Opening of the New York market to western importations will have the effect of telling dairy farmers that they can no longer count on this as their primary market," Henry H. Rathbun, league president, said.

"It will be an invitation to them to accept the higher prices for fluid milk obtainable in other adjacent markets."

The Dairyman's League and four other producer groups are seeking increases in farm prices that would raise milk prices in New York city one cent a quart July 1 and another cent Sept. 1.

The milk marketing administration will have a hearing Monday on the producers' petition for higher prices to insure an adequate supply of milk here.

The New York City Consumer Council yesterday circulated petitions which will be sent to the Department of Agriculture opposing the producers' request for higher prices.

Mrs. Jeanette S. Turner, executive secretary, conferred with Deputy Health Commissioner Samuel A. Pratt and asked him to oppose any further milk price increase. She said it would force a reduction in milk consumption that would endanger the health of children in low-income families. Pratt declined to comment after the meeting.

business looking at Kingston for new sites ask about the tax rate there are reluctant to come here because they look at the present high rate and overlook the fact that assessments are low. Kingston will have a much lower rate in 1949, if assessments are now increased by 33 1/3 per cent.

"The problem is not at all new, but it has been imperative that something be done ever since January 1, 1944 law went into effect limiting the amount to be raised in taxes to two per cent of the average assessed valuations for the prior five years. This provision of the state constitution was intended to force cities to value properties near their market value and that Kingston can no longer buck this law and operate at the same time."

In the 18th Century "pop" was British slang for "paw" or "hook."

PAY AS YOU RIDE

A small down payment and 8 monthly payments buys auto insurance. If you want credit, you need insurance to avoid trouble and possible loss of your driver's license.

For \$5.00 you can buy \$1,100 fire insurance on furniture in a dwelling in Kingston for 3 years. The policy also covers up to \$10 in any place outside the home.

What if someone falls on your sidewalk or is injured on your premises? \$5 a year insures a private home against such claims.

Plate glass insurance does not cost much. Ask for an estimate.

Dog Is Imprisoned In Cement Quarries

Efforts to rescue a dog which has become imprisoned in one of the abandoned cement quarries at Bloomington have again failed and the dog is still wandering at large in the miles of old abandoned tunnels a couple of hundred feet under ground.

Tuesday evening C. F. Doty, Fred Souer, George Reed, Jerome Mack, Thomas and Leo Yonnetti, members of the Bloomington Fire Department, attempted to reach the dog by descending on ropes into the old cement shaft but they were unable to reach the animal which takes refuge back in the old cement galleries when anyone approaches.

Wednesday Deputy Sheriffs William Frost and Anthony

Alecca and Fire Chief Joseph Yunker made another attempt to reach the imprisoned animal but were unable to locate it.

Deputy Frost said the shaft drops down a distance of 150 to 200 feet and from the shaft, tunnels radiate off for miles. It is impossible to see the dog except when it comes into the bottom of the shaft where the light reflects directly down. On the approach of would be rescuers the dog takes refuge deep in the tunnels. Many of the drifts are filled with water. Wednesday the cool air in the tunnels combined with the warm, damp surface air to make a heavy fog in the tunnel resulting in absolute zero visibility underground.

Residents of the area, with the exception of one of the Yonnetti brothers, have been unable to get a glimpse of the dog although they can hear it barking deep in the tunnel.
